

Aquatic and Zoological Compounded Medications

Wedgewood Pharmacy delivers on high quality, highly specialized compounded medications for animals of all shapes and sizes.

When treating unique patients, you need unique solutions. If you need something outside of our formulary of over 40,000 medications, we can work with you to create prescriptions for the exact strength, dosage form and quantity appropriate for each individual patient. We have a team of pharmacists and technicians dedicated to researching over 600 new, custom formulation requests every month to ensure you have exactly what you need.
